KANSAS CITY LIFE

GROUP BENEFITS

Life and Accidental
Death & Dismemberment
Benefit Summary
For: County of Stone
Division Name: County of Stone
Group Number: 22773

Class 1 All Full-Time Active EE's working 30+ hours per week

Eligible employees are provided a benefit amount of $50,000. Coverage terminates at retirement.

Death Benefit

Benefits are paid in the event of an individual's death at any time or place, from any cause.

Conversion Privilege

If an individual should terminate his or her employment, coverage will be continued for 31 days. During this period, the individual may convert his or her insurance to a permanent, individual Kansas City Life insurance policy without evidence of insurability at Kansas City Life's regular premium rates.

Accidental Death & Dismemberment

Should a covered loss occur after accidental bodily injury or death, on or off the job, a percentage of the basic life amount may be paid.

Value Added Services

All enrolled employees will have 24-hour access to a travel assistance program, ID theft protection and beneficiary companion services through Generali Global Assistance (GGA).

- Travel Assistance – GGA will provide assistance in case of an emergency when traveling more than 100 miles away from home. Emergencies may include medical emergencies, mass casualty and global crises.
- Beneficiary Companion – The death of a family member triggers a series of tasks that require immediate attention. Attempting to remember all of the necessary notifications and cancellations may be overwhelming. This program allows beneficiaries to focus on the healing process while GGA handles the administrative details that will protect them and their families.
- Identity Theft Protection and Assistance provides access to GGA 24 hours a day, 7 days a week to assist with ID theft prevention and resolution.
