1. Upon receipt of a petition signed by a number of voters in the county equal to five percent of the total vote cast in the county at the next preceding election for governor requesting the submission of the question of continuation or termination, the county commission in any county which has adopted a program of county planning, county zoning or county planning and zoning shall make an order to submit to the voters of the county the question to continue or to terminate the program.
2. The question shall be submitted in substantially the following form:

Shall county planning and zoning be continued?

☐ NO
3. If a majority of those voting on the question vote yes for continuation, the program shall be continued unless and until terminated by a vote of the qualified voters voting thereon; if a majority of those voting on the question vote no for the termination of the program, the county commission shall declare the program terminated and shall discharge any commission appointed thereunder. Any resolution, ordinance or regulation adopted under the program pursuant to the provisions of sections 64.800 to 64.905 shall be void and of no effect from and after the termination of the program as provided in this section.

Whereas, the Clerk of the County Commission confirmed that the number of voters in the county equal to five percent of the total vote cast in the next preceding election for governor is 944, therefore, a petition signed by 1,496 registered voters within the County is necessary to submit the question to the voters.

Whereas, on December 9 2025, the County Commission submitted the executed petitions to the Clerk of the County Commission for verification.

Whereas, the Clerk verified signatures on the petition and submitted a statement that said petition did contain a sufficient number of verified signatures, to-wit, 948 verified signatures.
